Policies

Report a Complaint or Concern

UA-PTC takes very seriously complaints and concerns regarding the institution. Most complaints or concerns of a specific nature should be initiated and resolved at the campus level through normal college processes whenever possible. UA - Pulaski
Technical College receives and resolves complaints using a variety of methods. To report a complaint or concern, please follow the link below.

https://www.uaptc.edu/report-a-concern-complaint

**UA-PTC Attendance Policy**

Education at UA-PTC requires students’ active involvement in the learning process. Thus, students are expected to attend all classes and actively engage in all learning assignments and/or opportunities provided in their classes. Class attendance should be treated as mandatory by all students as attendance will be taken by all instructors during the first two weeks of class. Additionally, a written policy on student attendance that is tied to course objectives and included in a course syllabus will be provided for each course by instructors.

**Departmental Attendance Policy**

Agencies granting financial assistance may be notified of the violation of the attendance policy by students receiving financial aid. Attendance is taken starting the first day of the semester, with the exception of students who enroll after classes have started. Even though you will not be attending classes, you must log in regularly. Students will be tracked as to the number of times per week they have accessed the course. It is the student’s responsibility to complete the necessary procedures with Student Services to officially drop from the class. If you stop participating but do not officially drop the course, you will receive an “F” for a final grade. Students must abide by the Student Services deadlines for a “drop.”

**Course Policies**

The UA-PTC Catalog rules and regulations will be enforced in this course at all times.
Please consult the following website for more information:
https://www.uaptc.edu/catalog

Professional behavior is required. Punctual attendance and intelligent participation are expected. Particulars as determined by the instructor are detailed in the paragraph below.

Appropriate behavior is expected for all communications, including any notes, email messages, or telephone conversations. Some guidelines for communication are included in this syllabus to help you.

If you need to discuss a topic unrelated to the class please step outside to do so. Having private conversations with your peers or talking/texting on your cell phone while in the class will not be tolerated.

In this course we will discuss topics that you and others may feel strongly about. It is your job to be mindful of what you say to others and always treat everyone in the class with dignity and respect even if their opinion differs from yours.

**Grading Policy**

Letter grades will be based on the following scale:

- 90 to 100%      A
- 80 to 89%       B
- 70 to 79%       C
- 60 to 69%       D
- 0 to 59%        F
Course Syllabus
SPRING 2019

Exams:
There will be three examinations, each worth 100 points. All three exams will include objective questions and may include a short essay (minimum 300 words in length). Make-up exams will be approved only in extreme circumstances, such as hospitalization or death of an immediate family member. Documentation must be provided before a make-up exam will be approved. Each of the three exams will also provide an opportunity for students to earn extra credit (in addition to class participation) by applying critical reasoning skills to a basic problem from philosophy.

Class Discussions
You should read all of my posts in Class Discussion. Student participation in discussions is the best way to earn extra credit for this course. Participating in the discussions will greatly increase your chances of earning a good grade for this course. The main purpose of the online discussions is for students to help each other understand the course materials, so in your discussion posts you should demonstrate familiarity with the terminology, concepts, and fundamental principles from each topic that we cover. In discussions, students should never simply quote from the course materials; instead, students should put the main ideas of the notes into their own words, and discuss together the meaning and implications of these ideas. In order to earn you some extra credit, your posts must show that you have been studying the course materials and reflecting on them.

Any relevant and insightful discussion post which you create will earn you extra credit that will be added to your upcoming exam score.
* Instructors have one week to provide feedback and post grades for all assignments unless otherwise noted by a departmental policy that has been approved by the Dean of the School.

**Academic Integrity**

It is expected that all students who attend UA-PTC conduct themselves in a manner appropriate for the college experience. Academic integrity is a vital component of collegiate behavior. The UA-PTC catalog states, “The gaining of knowledge and the practice of honesty go hand-in-hand.”

The catalog also states, “The responsibility and authority of initiating discipline arising from violations of the rules against dishonesty during the process of the course are vested in the instructor of that course.”

The complete Academic Integrity Policy is in the UA-PTC code of conduct.

Under no circumstances will plagiarism be tolerated. Students who plagiarize will receive an “F” in the course. Plagiarism consists of the following:

- to steal and pass off (the ideas or words of another) as one’s own
- to use (another’s production) without crediting the source
- to commit literary theft
- to present as new and original an idea or product derived from an existing source

In other words, plagiarism is an act of fraud. It involves both stealing someone else’s work and lying about it afterward.

**Accommodation Policy**
Services for Students with Disabilities: UA-PTC is committed to fulfilling all federal requirements as stated in the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the American with Disabilities Amendments Act (ADAAA) of 2008. Accommodations are available to students who have documented disabilities. Students who request accommodations must register with the Disability Services Office (Main Campus: 501-812-2738 or South Campus: 501-812-2862) and must provide current and relevant documentation.

Students requesting accommodations should inform the instructor at the beginning of the course or as soon as accommodations are approved. It is the student's responsibility to provide their Accommodation Letter to the instructor. Accommodations are not retroactive and will only be provided once your instructor receives the Accommodation Letter.

**Student Code of Conduct**

All students are expected to abide by the UA-PTC Student Code of Conduct. For the full Student Code of Conduct, access the most current version of the UA-PTC Academic Catalog. **Sexual Misconduct**

No person at Pulaski Technical College will, on the basis of gender, be excluded from participation in, be denied benefits of, or be subjected to sex discrimination, sexual harassment or sexual misconduct under any education program or activity. All college administrative policies and procedures regarding sex discrimination, sexual harassment, and sexual misconduct are in compliance with Title IX. Students who feel they are
victims of sexual misconduct should contact the UA-PTC Title IX Deputy Coordinator for Students:

Campus Center Building Room 216

Course Evaluations

Students may be asked to evaluate their instructor and course near the end of the semester. These student evaluations are very important to the improvement in the quality of instruction and course materials. All results are anonymous and shared with the faculty only after the semester is over and grades have been posted.

Information Literacy

UA-PTC is committed to the Information Literacy Competency Standards for Higher Education as established by the Association of College and Research Libraries and endorsed by the National Forum on Information Literacy. Therefore, all courses will incorporate an information literacy component so that, by graduation, all students will be able to recognize the need for information, then locate, evaluate, synthesize, and communicate information in an ethical manner. Information literacy encompasses critical thinking, research, media, technology, health, business, and visual literacy skills to produce lifelong learners who can make informed decisions in the workplace and in their personal lives.
