The Fine Arts Club is a student organization open to all UA – Pulaski Technical College students that promotes cultural awareness through the visual and performing arts.

We visited Crystal Bridges Museum of American Art on November 15, 2014. We had 40 students, most of which were active members in the club or students taking art classes, although the trip was open to any PTC student. We also had faculty and staff attend. It was a great time to visit the museum because they were showcasing contemporary artists from all over the country.

In spring, we partnered with the History Club to spend a weekend in Dallas. As a whole group, we visited the Dallas Holocaust Museum where we were able to see historical exhibits, but also a special exhibit on the illustration art of Margaret and H.A. Rey, who created “Curious George” and had to flee from Nazi-occupied Paris. While the history students attended the Sixth Floor Museum at Dealey Plaza, Art Club members were free to visit the Dallas Museum of Art or the Nasher Sculpture Center. The Dallas Museum of Art featured an exhibition on Impressionism and an exhibition on avant garde Japanese Art from 1950 – 1990.

Art Club participated in the Argenta Arts Festival, planned in conjunction with the first Maker’s Faire in Central Arkansas. Club members made beautiful hand-dyed silk scarves and set-up a table to sell them at the festival. The table was also an information table to educate the community about opportunities to be involved in the arts at Pulaski Tech. The scarves were also sold to faculty and staff at the end of the semester. All proceeds are planned for club events and trips like the Crystal Bridges trip.

The club had regular meetings in the fall and spring.

Final Membership Roster

There were no changes to the membership roster.
