Instructor Information

Instructor: Robert Habimana, MS in Applied Mathematics  
Office: IT Building room 409 A  
Mailbox: IT 409 A  
Hours:  
MWF: 10:00am – 11:00am  
TR: 1:30pm – 2:30pm  
Appointment must be made for other times  
Phone: 501 – 812 – 2768  
Email: rhabimana@uaptc.edu

*All emails and telephone calls will receive a response within two business days.

Chair: Denise Hammett (501)812-2874 denisehammett@uaptc.edu  
Dean: Dr. Marico Bryant Howe (501)812-2342 mbryanthowe@uaptc.edu

*If your emails and telephone calls do not receive a response within two business days, the appropriate chain of command is above.

Course Information

Type: Face to face  
Location: IT 401  
Day and Time: Tuesday/Thursday 12:15pm – 1:30pm

Catalog Description

3 Credit Hours (3 hours lecture per week)

Comprehensive mathematics course designed for general education core and for degrees not requiring College Algebra. The overarching goal of Mathematical Reasoning is to provide students with mathematical understandings and skills to be productive workers, discerning consumers, and informed citizens. Students will solve problems using mathematical reasoning involving logic, proportions, algebra, and relations. This course is designed to deliver instruction that focuses on process, conceptual understanding, communication and problem-solving found in the following strands: (a) Personal, state, and national finance (b) Statistics and probability (c) Mathematical modeling (d) Quantities and measurement. The course satisfies the state mandated requirement for the baccalaureate degree and is for students in courses of study not requiring College Algebra as a prerequisite. This course is not appropriate for STEM majors, such as Science, Technology, Engineering, and Mathematics.

A TI-83 or TI-84 graphing calculator is required for this course and the course requires an online learning component.
Students who fail to meet the prerequisite scores must enroll in MATH 0100 to enroll in MATH 1300 during the same semester.

Prerequisites:

• A minimum score of 18 on the Mathematics section of the ACT
• A minimum score of 77 on the Accuplacer Elementary Algebra Placement Test
• A minimum score of 33 on the COMPASS Algebra Placement Test
• Permission of the department chair or division dean

Course Materials

Required Materials:

MyLabsPlus Access Code ISBN: 9781323901892. (There is an e-text pre-loaded).  Or

Calculator: A TI-83 or 84 calculator is required for the course. No other brands of calculator will be supported and no Texas Instrument models other than 83’s and 84’s will be discussed. TI-89 models cannot be used.

(Please note, you do not need to purchase the physical textbook unless you prefer to have an actual book versus an e-text book which can be viewed in the MyLabsPlus software. So, you can purchase the MyLabsPlus Access Code listed above or you can purchase the actual book which comes with an Access Code. You will need the calculator mentioned above.)

If you have been awarded financial aid but have not received funds, you can take your schedule down to the UA-PTC bookstore and they will charge your books to your account. This will allow you to purchase your book early and will alleviate you getting behind this semester.

Free Tutoring is offered on both UA-PTC south and main campus. Information provided at http://www.uaptc.edu/footer-navigation/tutoring-center

MLP Technical Support: If you are unable to install the necessary software and plug-ins or the program is not running properly, you may contact the MyMathLab Student Support Line at: 1-800-677-6337 Monday-Friday, 12 pm to 8pm (All times are Eastern Standard Time)

Do not contact the UA-PTC IT services department for assistance with MLP issues. Please be sure to contact the 1-800 number that was provided above.

Student MyLabsPlus Access

MyLabsPlus Web Address: http://pulaskitech.mylabsplus.com/ or you can also access the MLP link in UA-PTC’s Portal.
• **Student MyLabsPlus Username:** The first two letters of your first name, your entire last name, and the last four digits of your student ID.

• **Student MyLabsPlus Password**: Ptcmmdyyyy (this is the letters “Ptc” and your birthdate)
  *If you have previously used MLP with UAPTC, you will need to use that password instead.*

Once you login into MyLabsPlus,

1. You will be prompted to accept the terms of the Pearson User License Agreement and Privacy Policy. Click **I Accept** once you have read the terms of use.
2. You will be prompted to enter the access code that you received with your book. **If you have already purchased the book, chose “Access Now”**.
3. If you do not have a code, you will choose “Pay Later”. This will give you **14 days of Temporary Access**, which will begin on the day you **registered** in the course. This means that the temporary code could expire at different times for each student since it is based upon the date each student registers into the system. You will need to purchase your book before the temporary access code expires or you will be locked out of MyLabsPlus and you will not have access to your work which could result in zeros on assignments that were missed. **DO NOT LOSE YOUR ACCESS CODE ONCE YOU HAVE PURCHASED IT. YOU WILL NOT BE ABLE TO ENTER IT UNTIL THE TEMPORARY ACCESS CODE EXPIRES.**

If you have trouble logging in, entering your code, or experience issues with not being able to access the course, please contact the Chair of the department. Her name is Denise Hammett and her email is [dhammett@uaptc.edu](mailto:dhammett@uaptc.edu). Please send as much information as you can about the situation including screen shots along with a good working phone number, your username and birthdate.

**Mission Statement**

University of Arkansas – Pulaski Technical College provides access to high-quality education that promotes student learning and enables individuals to develop to their fullest potential.

**Institutional Learning Outcomes and General Education**

UA-PTC supports a college-wide institutional learning assessment program which concerns effective instructional methods and promotes student learning achievement by assessing:

1. Communication
2. Critical Thinking
3. Cultural Awareness
4. Information Literacy
5. Professionalism
6. Quantitative Literacy
7. Technology Literacy

For more information, please consult the following website: https://uaptc.edu sla

Department / Program Learning Outcomes

The Mathematics department, consistent with the College’s mission and the Division’s objectives, encourages the success of its students in all technical fields and academic disciplines by promoting:

1. Critical and mathematical thought
2. Academic Integrity
3. Independent thinking and learning
4. Quantitative and technological literacy on a collegiate level.

Student Learning / Course Outcomes

The overarching goal of Mathematical Reasoning is to provide students with mathematical understandings and skills to be productive workers, discerning consumers, and informed citizens. Students will solve problems using mathematical reasoning involving logic, proportions, algebra, and relations. More specifically, student performances will include:

1. Identifying problem-solving strategies and applying them to contemporary everyday problems, both in work and in personal lives.
2. Analyzing reports from media to determine completeness and accuracy noting assumptions both stated and unstated.
3. Critiquing public consumer and political information for better understanding, completeness, and accuracy.

In keeping with the tenets of student performance in a general education course, Mathematical Reasoning is designed to deliver instruction that focuses on process, conceptual understanding, communication and problem solving.

Policies

Report a Complaint or Concern

UA-PTC takes very seriously complaints and concerns regarding the institution. Most complaints or concerns of a specific nature should be initiated and resolved at the campus level through normal college processes whenever possible. UA - Pulaski Technical College receives and resolves complaints using a variety of methods. To report a complaint or concern, please follow the link below.

https://www.uaptc.edu/report-a-concern-complaint
UA-PTC Attendance Policy

Education at UA-PTC requires students’ active involvement in the learning process. Thus, students are expected to attend all classes and actively engage in all learning assignments and/or opportunities provided in their classes. Class attendance should be treated as mandatory by all students as attendance will be taken by all instructors during the first two weeks of class.

Departmental Attendance Policy

Regular on time attendance is required. Students are responsible for providing satisfactory evidence to the instructor to substantiate the reason for the absence. The acceptable evidence includes doctor’s appointments, jury duty, army training, funerals, etc. If you experience life-altering circumstances and cannot attend class, you must contact the instructor by email or phone call immediately.

Agencies granting financial assistance may be notified of the violation of the attendance policy by students receiving financial aid.

Attendance is taken starting the first day of the semester and throughout the semester, with the exception of students who enroll after classes have started. Teachers have the right to count students as absent if they arrive late to class, leave class early, or go in and out of the classroom during class time. Teachers have the right to lower a student’s grade based on excessive absences. Instructors set the attendance policy for courses and students must follow those policies.

Any student who does not attend class before the roster certification date will be considered a “no show” according to the campus attendance policy and will be reported as such and dropped from the class. Students who were dropped because they had not attended class, will not be allowed back into the course during that specific term; refunds are automatically added to the student’s account for being reported as Never Attending a class. Instructors set the policies for counting students as “no shows” in the online environment and it is the students’ responsibility to follow those policies to remain in the course.

Regular and consistent attendance should be maintained in order to be successful in this course. Excessive tardiness and/or absences are considered discourteous to the instructor and the learning environment and can be a detriment to successful course completion. More importantly, students who are absent miss important information from lectures, class discussions, handouts and assessments, and can easily fall behind on the material. As mastery is a basis for progression, students will need to be present each day. Following an unavoidable absence, the student has the responsibility for completing all activities missed as allowed by the instructor.

Drop Date: The last day to drop a course or withdraw from the college is Friday, November 16th. A student should consult with their instructor and financial aid (if applicable) before
submitting a drop form. A student can request to drop or withdraw by visiting the student services office on any campus or by submitting a written, faxed request. Faxed requests can be sent to (501) 812-2316 and must contain the student’s name and student ID number, a statement of which course you wish to drop or a statement that you are withdrawing from all courses, your signature, and a copy of your state-issued photo identification. Instructors do not have an administrative drop option.

Course Policies

The UA-PTC Catalog rules and regulations will be enforced in this course at all times.

Please consult the following website for more information: https://www.uaptc.edu/catalog

Professional behavior is required. Punctual attendance and intelligent participation are expected. Particulars as determined by the instructor are detailed in the paragraph below.

Appropriate behavior is expected for all communications, including any notes, email messages, or telephone conversations. Some guidelines for communication are included in this syllabus to help you.

Email Policy: Due to UA-PTC’s board policy and privacy issues, please only send emails from your Pulaski Technical College email account. UA-PTC employees (and students) can only receive and send official email through UA-Pulaski Technical College’s email accounts.

Timely Response: Instructors will normally answer emails and voice mails within 24 hours, except for weekends and times when the college is closed.

Campus Visitors Policy: Classrooms and laboratories are restricted to currently enrolled students only. Visitors are not allowed in any classroom or laboratory where a schedule course is being taught. At no time are children allowed in the classroom during times when scheduled courses are being taught. Additionally, when it is necessary to bring children to campus, they may never be left unattended. At all times, children remain the sole responsibility of the parent.

Incompletes: The requirements for awarding a grade of incomplete, “I” can be found in the Academic Catalog.

Math Department Chair: Denise Hammett, dhammett@uaptc.edu. The department chair may be contacted as a next point of contact after an agreeable resolution has not been found through consultation with the instructor. The department chair will not overturn decisions made by the instructor based upon the policies or requirements of the syllabus.

Cell Phones: Please turn cell phones on vibrate mode during class time. Texting during class or doing other things on your phone or tablet or smart watch during class not related to the course is not a good idea as concepts being taught will be missed. No cell phone or other electronic devices (other than graphing calculator) can be used during tests.
Group Work: You will be expected to work with a small group of class peers; peer groups are to be determined by your instructor and may include peers who have similar degree plans or focus areas. Once these groups have been determined, you will be expected to sit in the classroom together as a group and be resources for each other inside and outside of the classroom (except for testing, final exam and other instances to be determined by the instructor). In life, there will be jobs or other instances where you must have the ability to work with others even if you would not normally do so or agree with them on a personal level. You will be expected to act respectfully and productively in your groups.

Grading Policy

Letter grades will be based on the following scale:

<table>
<thead>
<tr>
<th>Percentage Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90 to 100%</td>
<td>A</td>
</tr>
<tr>
<td>80 to 89%</td>
<td>B</td>
</tr>
<tr>
<td>70 to 79%</td>
<td>C</td>
</tr>
<tr>
<td>60 to 69%</td>
<td>D</td>
</tr>
<tr>
<td>0 to 59%</td>
<td>F</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Component</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>Homework</td>
<td>25%</td>
</tr>
<tr>
<td>Projects</td>
<td>30%</td>
</tr>
<tr>
<td>Tests</td>
<td>10%</td>
</tr>
<tr>
<td>Attendance/Quizzes/Participation</td>
<td>10%</td>
</tr>
<tr>
<td>Final Exam</td>
<td>25%</td>
</tr>
</tbody>
</table>

Homework will be assigned for each section discussed. Homework problems will be found in MyLabsPlus. Homework should be worked out on paper and kept in an organized notebook so you will have something to study at test time. Answers obtained for the homework problems need to be entered in MyLabsPlus. You’ll have aids you can click on to help you work the problems if you have trouble or need help. **MyLabsPlus will keep track of your homework percentage.**

Projects – There is a minimum of 2 projects for this class that will be discussed in greater detail in class. These projects replace the normal test for those chapters or modules.
Test – There is a minimum of 1 chapter/module test given in the class, which will be discussed in more detail in class.

Attendance/Quizzes/Participation – Group and individual participation is required.
Final Exam - There will be a two-hour comprehensive paper/pencil final exam. If the final exam is missed, the student will receive a grade of “F” for the course. A study guide will be given to help students prepare.

* Instructors have one week to provide feedback and post grades for all assignments unless otherwise noted by a departmental policy that has been approved by the Dean of the School.

Academic Integrity

It is expected that all students who attend UA-PTC conduct themselves in a manner appropriate for the college experience. Academic integrity is a vital component of collegiate behavior. The UA-PTC catalogue states, “The gaining of knowledge and the practice of honesty go hand-in-hand.”

The catalogue also states, “The responsibility and authority of initiating discipline arising from violations of the rules against dishonesty during the process of the course are vested in the instructor of that course.”

The complete Academic Integrity Policy is in the UA-PTC code of conduct.

CHEATING

a) Copying from another student’s test paper.
b) Using any unauthorized assistance in taking quizzes, tests or examinations.
c) Possession during a test of materials that are not authorized by the person giving the test, such as class notes or specifically designed “crib notes,” or any other device or technology that would aid in cheating.
d) Dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems or carrying out assignments.
e) The acquisition, without permission, of tests or other academic material belonging to a member of the UA - Pulaski Technical College faculty or staff.
f) Aiding and abetting another person in committing any form of academic dishonesty.

PLAGIARISM.

Plagiarism Defined: Offering the work of another person as one’s own without proper acknowledgment is plagiarism. Therefore, any student who fails to give appropriate credit for ideas or material he or she takes from another, whether fellow student or a resource writer, is guilty of plagiarism. This includes downloading or buying papers from the Internet and cutting and pasting from the Internet without proper acknowledgment.

OTHER
a) Making, possessing or using any falsified college documents or records; altering any college
document or record, including identification cards.
b) Knowingly providing false information to college officials, including disciplinary meeting
bodies. Passing insufficient funds checks or fraudulent money orders in payment of any
financial obligations to the college.
c) Falsely claiming to represent the college or a registered student organization of the college.

Procedure for Discipline of Cheating and Plagiarism: The responsibility and authority of initiating
discipline arising from violations of the rules against dishonesty during the process of the course
are vested in the instructor of that course. 108 CODE OF STUDENT CONDUCT PENALTY If, in
the judgment of the instructor, cheating or plagiarism has occurred, the penalty assessed could
be a grade of "F" in the course. The instructor will notify the student of his or her decision
concerning the student's grade. Students should understand that offenses of cheating may also
subject the offenders to disciplinary action. The Dean of Student Affairs or his or her designee
shall determine if disciplinary action is warranted.

FILING REPORT

In every instance, the instructor will prepare a report indicating the nature of the
cheating/plagiarism incident and the student’s grade in the course. The instructor will retain one
copy of the report and send another copy to the appropriate dean. The dean will forward
information concerning the incident to the Dean of Student Affairs.

STUDENT RIGHTS

Students have due process rights with regard to cheating and plagiarism violations. Students
wishing to appeal a grade related to cheating or plagiarism should follow the Academic Due
Process procedures outlined in the Academic Catalog. Students wishing to appeal disciplinary
sanctions should follow procedures outlined in the Disciplinary Procedures section of the
Academic Catalog. Once an instructor has determined that academic dishonesty has occurred,
the accused student may not withdraw from or drop the course. The student must appeal the
grade given by the instructor by completing the Academic Due Process procedures.  
(UA - Pulaski Technical College Academic Catalog, 2018-2019, pg. 107 & 108)

Accommodation Policy

Services for Students with Disabilities: UA-PTC is committed to fulfilling all federal requirements
as stated in the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the
American with Disabilities Amendments Act (ADAAA) of 2008. Accommodations are available
to students who have documented disabilities. Students who request accommodations must
register with the Disability Services Office (Main Campus: 501-812-2738 or South Campus: 501-
812-2862) and must provide current and relevant documentation.

Students requesting accommodations should inform the instructor at the beginning of the course
or as soon as accommodations are approved. It is the student's responsibility to provide their
Accommodation Letter to the instructor. Accommodations are not retroactive and will only be
provided once your instructor receives the Accommodation Letter.
**Student Code of Conduct**

All students are expected to abide by the UA-PTC Student Code of Conduct. For the full Student Code of Conduct, access the most current version of the UA-PTC Academic Catalog. [http://uaptc.azurewebsites.net/docs/default-source/course-catalog/2017-18-academic-catalog.pdf?sfvrsn=a08a3038_2](http://uaptc.azurewebsites.net/docs/default-source/course-catalog/2017-18-academic-catalog.pdf?sfvrsn=a08a3038_2)

**Sexual Misconduct**

No person at Pulaski Technical College will, on the basis of gender, be excluded from participation in, be denied benefits of, or be subjected to sex discrimination, sexual harassment or sexual misconduct under any education program or activity. All college administrative policies and procedures regarding sex discrimination, sexual harassment, and sexual misconduct are in compliance with Title IX. Students who feel they are victims of sexual misconduct should contact the UA-PTC Title IX Deputy Coordinator for Students:

Michelle Anderson, Director of Student Life and Leadership
Campus Center Building Room 216
501-812-2756
manderson@uaptc.edu

**Course Evaluations**

Students may be asked to evaluate their instructor and course near the end of the semester. These student evaluations are very important to the improvement in the quality of instruction and course materials. All results are anonymous and shared with the faculty only after the semester is over and grades have been posted.

**Information Literacy**

UA-PTC is committed to the Information Literacy Competency Standards for Higher Education as established by the Association of College and Research Libraries and endorsed by the National Forum on Information Literacy. Therefore, all courses will incorporate an information literacy component so that, by graduation, all students will be able to recognize the need for information, then locate, evaluate, synthesize, and communicate information in an ethical manner. Information literacy encompasses critical thinking, research, media, technology, health, business, and visual literacy skills to produce lifelong learners who can make informed decisions in the workplace and in their personal lives.
## Tentative Course Schedule

### Final Exam schedule: Thursday December 13th 1:30pm – 3:30pm
Course Agreement Form

Read, complete, and return to instructor:

I have read the course syllabus for *Robert Habimana’s* Mathematical Reasoning class at Pulaski Technical College, and I understand its content. I also understand the rules for the class, and I will follow and abide by these rules, including those relating to attendance, assignments, grading criteria, plagiarism, and behavior.
