Course Materials

For this class, we will be using an online learning management program called VHL Central.

1. Go to www.vhlcentral.com to create an account.
2. Click on “Create an Account” and follow the prompts.
3. If you do not have your Online Access Code yet, your instructor can issue you a 14-day grace period. To receive the grace code, you must complete the account set-up process and enroll in your instructor’s course section.

If you have any questions, please contact your instructor. This program accompanies your textbook, Panorama, and will be where you complete all of your weekly homework online.
Google Chrome is recommended when completing the online homework. For more information setting your account, redeeming a Supersite PLUS w/ WEBSAM code, and enrolling in my course, please go to the website below and watch the tutorials.

TECHNOLOGY
This class requires technology access: this is the only way to complete your online assignments, assessments, and access study tools, media, your scores, instructor-student communication, and more. Students must have regular access to the Internet in order to check your email for updates, Blackboard for course information and the Vistas Supersite to complete/submit assignments. You must also need an earphone with a microphone in order to listen and record your responses. You can also complete your assignments in our library or at any public library or places with WIFI. Please make sure to use Google Chrome as your web browser when accessing the Vistas Supersite.

COMPUTER SYSTEM REQUIREMENTS:
You must install and have the following important components in your laptop:

1. The latest version of Adobe Flash Player. If you do not have one, go to Google and download a free version of Adobe Flash Player.
2. You must use Google Chrome as your web browser to access the Vistas Supersite. Other web browsers will not work properly with the Vistas Supersite.
3. Headphones or speakers, built-in or external
4. Microphone, built-in or external plug-ins are necessary for audio recordings assignments.

STUDENT HOW-TO VIDEOS
https://www.vhlcentral.com/screencasts/student?source=ua
It is extremely important that you work on the homework every day and not wait until the due date! Your first set of homework is due this Sunday. It is somewhat simple at the beginning but gets much more complicated very quickly, so it is important to keep up. Please note, assignments in the lab are graded.

If you are having a technical problem on the site, you will need to contact VHL Tech Support. Please contact VHL tech support at http://support.vhlcentral.com/ or Call Toll Free US/Canada at 1-800-248-2813.
