Instructor Information

Instructor: Shannon Vaughn  
Office: IT 306-B  
Mailbox: IT 306-B  
Office Hours: MW 1:45—2:45; TR 11:00—12:00, 2:00—3:00  
Phone: (501) 812-2304  
Email: svaughn@uaptc.edu

*All emails and telephone calls will receive a response within two business days.

Chair: Denise Hammett (501)812-2874  
Email: dhammett@uaptc.edu

Dean: Dr. Marico Bryant Howe (501)812-2342  
Email: mbryanthowe@uaptc.edu

*If your emails and telephone calls do not receive a response within two business days, the appropriate chain of command is above.

Course Information

This class meets MW 8:00—9:40 in BTC 237

Catalog Description

4 Credit Hours (4 hours lecture per week)

This course is a continuation of MATH 1405. The study of multidimensional calculus, including multiple integration, partial differentiation, vector functions and other topics are included.

PREREQUISITE: Students enrolled in MATH 2406 must meet one of the following requirements:

- MATH 1405 (Calculus II) with a grade of “C” or better  
- Placement by exam
Course Materials

Disclaimer: UA-PTC will not guarantee materials purchased anywhere other than the UA-PTC bookstore. The purchase of codes for the online environment should be purchased through the UA-PTC bookstore or directly when registering for the online environment by following the instructions supplied by your instructor. Please take a picture of your code for safe keeping as lost codes cannot be replaced.

Required Materials:

OR

Calculator: A TI-83 or 84 calculator is required for the course.

If you have been awarded financial aid but have not received funds, you can take your schedule down to the UA-PTC bookstore and they will charge your books to your account. This will allow you to purchase your book early and will alleviate you getting behind this semester.

Mission Statement

University of Arkansas – Pulaski Technical College provides access to high-quality education that promotes student learning and enables individuals to develop to their fullest potential.

Institutional Learning Outcomes and General Education

UA-PTC supports a college-wide institutional learning assessment program which concerns effective instructional methods and promotes student learning achievement by assessing:

1. Information Literacy
2. Technology Literacy
3. Communication
4. Critical Thinking
5. Quantitative Reasoning
6. Cultural Awareness
7. Professionalism

For more information, please consult the following website: https://uaptc.edu/sla

**Department / Program Learning Outcomes**

The mission of the math department is to prepare students with the mathematical knowledge and understanding necessary for students to accomplish their educational goals. The math department aims to teach, advise and consult on any mathematical related matter whether a student wishes to successfully transfer to a four year college, gain entrance into the workforce, enhance their personal skills or further their lifelong learning pursuit.

Upon successful completion of the required math courses,

DLO #1: Students will demonstrate the ability to use symbolic, graphical, numerical and written representations of mathematical ideas.

DLO #2: Students will use mathematical reasoning and, when appropriate, a general problem solving process to solve problems.

DLO #3: Students will learn mathematics through modeling real-world situations.

DLO #4: Students will use appropriate technology to enhance their mathematical thinking and understanding, solve mathematical problems, and judge the reasonableness of their results.

**Student Learning / Course Outcomes**

Students will demonstrate ability to work with:

1. Parametric equations
2. Polar Coordinates
3. Vectors in two and three dimensions
4. Two-dimensional and three-dimensional vector-valued functions.
5. Calculus of vector-valued functions.
6. Functions of several variables
7. Partial derivatives
8. Maximization/Minimization problems
9. Multiple Integration
10. Vector Calculus

Policies

Report a Complaint or Concern

UA-PTC takes very seriously complaints and concerns regarding the institution. Most complaints or concerns of a specific nature should be initiated and resolved at the campus level through normal college processes whenever possible. UA - Pulaski Technical College receives and resolves complaints using a variety of methods. To report a complaint or concern, please follow the link below.

https://www.uaptc.edu/report-a-concern-complaint

UA-PTC Attendance Policy

Education at UA-PTC requires students’ active involvement in the learning process. Thus, students are expected to attend all classes and actively engage in all learning assignments and/or opportunities provided in their classes. Class attendance should be treated as mandatory by all students as attendance will be taken by all instructors during the first two weeks of class.

Departmental Attendance Policy

Agencies granting financial assistance may be notified of the violation of the attendance policy by students receiving financial aid.

Attendance is taken starting the first day of the semester and throughout the semester. Teachers have the right to count students as absent if they arrive late to class, leave class early, or go in and out of the classroom during class time. Teachers have the right to lower a student’s grade based on excessive absences as outlined in the syllabus for the course. Instructors set the attendance policy for courses and students must follow those policies.

Any student who does not attend class before the roster certification date will be considered a “no show” according to the campus attendance policy and will be reported as such and dropped from the class. Students who were dropped because they had not attended class, will not be allowed back into the course during that specific term; refunds are automatically added to the student’s account for being reported as Never Attending a class. Instructors set the policies for counting students as “no shows” in the online environment and it is the student’s responsibility to follow those policies.

Regular and consistent attendance should be maintained in order to be successful in this course. Excessive tardiness and/or absences are considered discourteous to the instructor and the learning environment and can be a detriment to successful course completion. Students who are absent for any portion of a class session miss important information from lectures,
class discussions, handouts and assessments, and can easily fall behind on the material. As
mastery is a basis for progression, students will need to be present each day for the entire class
session. Following an unavoidable absence, the student has the responsibility for completing all
activities missed as allowed by the instructor. Instructors in the online environment establish
the attendance policies and the requirements for success and it is the student’s responsibility to
adhere to those policies.

Drop Date: The last day to drop a course or withdraw from the college is Wednesday, April 17,
2019. A student should consult with their instructor and financial aid (if applicable)
before submitting a drop form. A student can request to drop or withdraw by visiting the
student services office on any campus or by submitting a written, faxed request. Faxed requests
can be sent to (501) 812-2316 and must contain the student’s name and student ID number, a
statement of which course you wish to drop or a statement that you are withdrawing from all
courses, your signature, and a copy of your state-issued photo identification. Instructors do not
have an administrative drop option and cannot drop students from courses; it is entirely the
student’s responsibility to complete the process if they wish to drop from the course.

Course Policies

The UA-PTC Catalog rules and regulations will be enforced in this course at all times.

Please consult the following website for more information: https://www.uaptc.edu/catalog

Professional behavior is required. Punctual attendance and intelligent participation are
expected. Particulars, as determined by the instructor, are detailed in the paragraph(s) below.

Appropriate behavior is expected for all communications, including any notes, email messages,
or telephone conversations. Some guidelines for communication are included in this syllabus to
help you.

Campus Visitors Policy: Classrooms and laboratories are restricted to currently enrolled
students only. Visitors are not allowed in any classroom or laboratory where a scheduled course
is being taught. At no time are children allowed in the classroom during times when scheduled
courses are being taught. Additionally, when it is necessary to bring children to campus, they
may never be left unattended. At all times, children remain the sole responsibility of the parent.

Incompletes: The requirements for awarding a grade of incomplete, “I” can be found in the
College Catalog on page 31 by using the following link: https://www.uaptc.edu/catalog

Math Department Chair: Denise Hammett, dhammett@uaptc.edu. The department chair may
be contacted as a next point of contact. The department chair will not overturn decisions made
by the instructor based upon the policies or requirements of the syllabus.

Cell Phones: Please turn cell phones on vibrate mode during class time. Texting during class
or doing other things on your phone or tablet or smart watch during class not related to the
course is not a good idea as concepts being taught will be missed. No cell phone or other
electronic devices (other than graphing calculator) can be used during tests.
Grading Policy

Letter grades will be based on the following scale:

- 90 to 100%  A
- 80 to 89%   B
- 70 to 79%   C
- 60 to 69%   D
- 0 to 59%    F

We will have four (4) unit tests. The unit tests will make up 50% of the final grade. Homework/participation points will be earned for each unit. These points will make up 25% of the final grade. The homework is in the MyMathLab software for this course. There will be a comprehensive final exam worth 25% of the final grade. There is no make-up test policy. The percent grade for the final exam will replace the lowest unit test grade, provided that the final exam percent grade is higher.

* Instructors have one week to provide feedback and post grades for all assignments unless otherwise noted by a departmental policy that has been approved by the Dean of the School.

In an online class, eligibility for Financial Aid is based on student participation. Logging into the course does not constitute participation. For purposes of roster certification, students must complete a gradable attendance artifact.

Make-up and Late Policy: Missed Tests/Assignments cannot be made up or turned in late except at the discretion of the instructor.

Academic Integrity

It is expected that all students who attend UA-PTC conduct themselves in a manner appropriate for the college experience. Academic integrity is a vital component of collegiate behavior. The UA-PTC catalog states, “The gaining of knowledge and the practice of honesty go hand-in-hand.”

The catalog also states, “The responsibility and authority of initiating discipline arising from violations of the rules against dishonesty during the process of the course are vested in the instructor of that course.”
The complete Academic Integrity Policy is in the UA-PTC code of conduct. [https://www.uaptc.edu/catalog](https://www.uaptc.edu/catalog)

**Accommodation Policy**

Services for Students with Disabilities: UA-PTC is committed to fulfilling all federal requirements as stated in the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the American with Disabilities Amendments Act (ADAAA) of 2008. Accommodations are available to students who have documented disabilities. Students who request accommodations must register with the Disability Services Office (Main Campus: 501-812-2738 or South Campus: 501-812-2862) and must provide current and relevant documentation.

Students requesting accommodations should inform the instructor at the beginning of the course or as soon as accommodations are approved. It is the student's responsibility to provide their Accommodation Letter to the instructor. Accommodations are not retroactive and will only be provided once your instructor receives the Accommodation Letter.

**Student Code of Conduct**

All students are expected to abide by the UA-PTC Student Code of Conduct. For the full Student Code of Conduct, access the most current version of the UA-PTC Academic Catalog. [https://www.uaptc.edu/catalog](https://www.uaptc.edu/catalog)

**Sexual Misconduct**

No person at UA-Pulaski Technical College will, on the basis of gender, be excluded from participation in, be denied benefits of, or be subjected to sex discrimination, sexual harassment or sexual misconduct under any education program or activity. All college administrative policies and procedures regarding sex discrimination, sexual harassment, and sexual misconduct are in compliance with Title IX. Students who feel they are victims of sexual misconduct should contact the UA-PTC Title IX Deputy Coordinator for Students:

Michelle Anderson, Director of Student Life and Leadership
Campus Center Building Room 216
501-812-2756
manderson@uaptc.edu

**Course Evaluations**

Students may be asked to evaluate their instructor and course near the end of the semester. These student evaluations are very important to the improvement in the quality of instruction and course materials. All results are anonymous and shared with the faculty only after the semester is over and grades have been posted.

**Information Literacy**
UA-PTC is committed to the Information Literacy Competency Standards for Higher Education as established by the Association of College and Research Libraries and endorsed by the National Forum on Information Literacy. Therefore, all courses will incorporate an information literacy component so that, by graduation, all students will be able to recognize the need for information, then locate, evaluate, synthesize, and communicate information in an ethical manner. Information literacy encompasses critical thinking, research, media, technology, health, business, and visual literacy skills to produce lifelong learners who can make informed decisions in the workplace and in their personal lives.
