UA-PTC Attendance Policy

Education at UA-PTC requires students’ active involvement in the learning process. Thus, students are expected to attend all classes and actively engage in all learning assignments and/or opportunities provided in their classes. Class attendance should be treated as mandatory by all students as attendance will be taken by all instructors during the first two weeks of class. Additionally, a written policy on student attendance that is tied to course objectives and included in a course syllabus will be provided for each course by instructors.

Departmental Attendance Policy

Students are expected to attend all class sessions. After an unavoidable absence due to illness, emergency, or other extenuating circumstance, the student must take the responsibility for contacting instructors in order to initiate arrangements for completing all activities missed. Excessive absences and work not made up may adversely affect final grades. Failure to attend class for any period of time does not constitute a withdrawal. Students should attend the first day of classes. Instructors establish attendance policies for their classes, and students have the responsibility to know those policies and to comply with them. When absences exceed the number allowed by the instructor of the class, the instructor has the authority to assign the student a grade of “F” at the end of the semester.

Attendance for students receiving Veterans Administration benefits will be reported to the VA representative in Veterans Services. Unavoidable absences such as jury duty, military duties, injuries, or illness must have written documentation supplied by the student. Makeup work for classes or tests missed will be arranged with the instructor's consent. When a student drops a course the Department of Veterans Affairs will be notified of the last date of attendance and directed to end benefits for the course for the remainder of the term.
Course Policies

The UA-PTC Catalog rules and regulations will be enforced in this course at all times.

Please consult the following website for more information:

Professional behavior is required. Punctual attendance and intelligent participation are expected. Particulars as determined by the instructor are detailed in the paragraph below.

Appropriate behavior is expected for all communications, including any notes, email messages, or telephone conversations. Some guidelines for communication are included in this syllabus to help you.

Please refrain from using cell phones and/or using the computers for anything other than class work while class is in session.

Instructors have one week to provide feedback and post grades for all assignments unless otherwise noted by a departmental policy that has been approved by the Dean of the School.

In an online class, eligibility for Financial Aid is based on student participation. Logging into the course does not constitute participation. For purposes of roster certification, students must complete a gradable attendance artifact.
Academic Integrity

It is expected that all students who attend UA-PTC conduct themselves in a manner appropriate for the college experience. Academic integrity is a vital component of collegiate behavior. The UA-PTC catalogue states, “The gaining of knowledge and the practice of honesty go hand-in-hand.”

The catalogue also states, “The responsibility and authority of initiating discipline arising from violations of the rules against dishonesty during the process of the course are vested in the instructor of that course.”

The complete Academic Integrity Policy is in the UA-PTC code of conduct.

Instructor’s Policy Concerning Plagiarism and/or Cheating:

Any plagiarized assignment will receive a zero and the student will be immediately dropped from the class with a final grade of “F.” “Plagiarism” will be noted on the official drop slip.

Plagiarism is offering the work of another as one’s own without proper acknowledgement. Therefore, any student who fails to give appropriate credit for ideas or material he/she takes from another, whether fellow student or a resource writer, is guilty of plagiarism.

Any evidence of cheating on exams will be handled in the same manner. Students will receive a zero on the exam and will immediately be dropped from the class with a final grade of “F.” “Cheating” will be noted on the official drop slip.

Accommodation Policy

Course Evaluations

Students may be asked to evaluate their instructor and course near the end of the semester. These student evaluations are very important to the improvement in the quality of instruction and course materials. All results are anonymous and shared with the faculty only after the semester is over and grades have been posted.

Information Literacy

UA-PTC is committed to the Information Literacy Competency Standards for Higher Education as established by the Association of College and Research Libraries and endorsed by the National Forum on Information Literacy. Therefore, all courses will incorporate an information literacy component so that, by graduation, all students will be able to recognize the need for information, then locate, evaluate, synthesize, and communicate information in an ethical manner.
